Spinach and Fruit Salad

This is THE salad to serve with the Molino de Viento! Paul made it when WAV member Chuck, who was the winner of the “Win a Day with the Winemaker” contest, came with his wife Jeannie for dinner after crushing out Zinfandel for his “fun” activity with Paul!

Spinach and Fruit Salad

True to the cooking philosophy at Wofford Acres measurements are entirely up to you. These are just estimates for four people.

1 bag of spinach salad greens
8 scallions, washed and diced
4 clementines (or mandarin oranges) peeled and sectioned, white pith removed
¼ cup pine nuts
½ ounce goat cheese per serving
¼ cup pomegranate seeds per serving

Assemble the salads on individual plates, spinach on the bottom, with a clementine per plate and the remaining ingredients scattered over the spinach.

The “secret” ingredient, that Jeannie raved over, is the dressing. For this salad we use Briana’s Blush Wine Vinaigrette (what could be easier?!).

Pop open a bottle of Molino de Viento and enjoy!
